

Workshop 6

Mobility

CONVENERS

- Maurizio Galimberti (Politecnico Milano, Italy)
- Christian Durante (Università Padova, Italy)
- Anke Blume (University Twente, Evonik),
- Peter Zalar (Holst Centre / TNO, The Netherlands)

WORKSHOP ORGANIZING COMMITTEE:

- Vincenzina Barbera (Politecnico Milano, Italy)
- Adriano Intiso (Società Chimica Italiana)

PATRONAGE and SUPPORT BY:

- CLM (Cluster Lombardo della Mobilità)
- SCI Electrochemistry Division

SHORT DESCRIPTION:

- In the frame of CIS2019, a Workshop is organized concerning a fundamental need of human life: mobility.
- The main objective of the Workshop is to present, analyse, and discuss the contribution of Chemistry towards tackling the challenges proposed by Mobility.
- The main aspects which will be covered are:
Sustainability, Smart mobility, and Energy for Mobility.
The focus will be on vehicles. Lectures will be given and a poster session will be organized.

CALL FOR ABSTRACT:

See general indications for the conference, indicate WS6 or Mobility

SPEAKERS and PROGRAMME:

Invited Speakers and Key Note Lectures: from Centre of Nanotechnology and Smart Materials (CeNTI), Istituto Italiano di Tecnologia (IIT), Politecnico di Milano, Twente University, Istituto di Tecnologie Avanzate per l'Energia (ITAE - Messina), and from companies such as Dow, Evonik, FIAMM, FCA, Pirelli

PROGRAMME OF THE WORKSHOP:

In progress. Tentatively the symposium will include 7 invited lecture + keynotes and 8 oral communication apart a poster session
